Résumé

Internship of a duration between 17 and 25 weeks as of the 3rd semester of the master program. Registration through the internship portal.

Contenu

The internship allows:

- The immersion into the professional world
- To get acquainted with a company or an institution's processes and requirements
- To understand the importance of teamwork
- To put into practice the knowledge acquired during the DH master cycle

Compétences requises**Cours prérequis obligatoires**

To have followed at least 2 semesters of the master program.

Méthode d'évaluation

Students must hand in a 3 minute video report of their internship.

The student and the company/institution supervisor both complete an evaluation report.
