Process development II

Zaza Philippe

Cursus	Sem.	Type	Language of teaching	English
Biotechnology minor	E	Opt.	Credits	2
Energy Management and Sustainability	MA2, MA4	Opt.	Session	Summer
Energy minor	E	Obl.	Semester	Spring
Ing.-chim.	MA2, MA4	Obl.	Exam	Oral
			Workload	60h
			Weeks	14
			Hours	2 weekly
			Courses	2 weekly
			Number of positions	

Summary

Familiarize the students with integrated process development and industrial technologies.

Content**Optimization**

- Influence of process modifications
- Risk analysis introduction
- Optimum choice
- Development program definition
- Use of process simulation software
- Scale down & scale up

Assessment methods

Oral exam = 100% final grade
 Examen oral = 100% de la note finale
