Credits	1
Session	
Exam	Project report
Workload	30h
Hours	14
Project	14
Number of positions	

Frequency

Every year

Remark

All year long -Training rotations must be approved by the supervisor, by the host laboratory, as well as by the doctoral program director

Summary

Training rotations

Content

- Doctoral students interested in conducting a training rotation must write a one page proposal delineating the educational objectives and the means by which they intend to achieve them.
- This proposal must be approved by the supervisor, by the host laboratory, as well as by the doctoral program director.
- Training rotations must take place within the first two years of doctoral studies and can last 1-4 months, with a maximum of 4 months in total.
- The examination procedure consists in a project report written in the style of the candidacy exam report.
