Summary

For the second iteration, we will be in residence on the site of a temporary installation, in Evian. The structures change with time. The students develop hypotheses of interventions to reinforce, deviate, suppress, increase the observed dynamics and realize them.

Learning Outcomes

By the end of the course, the student must be able to:

Transversal skills

- Set objectives and design an action plan to reach those objectives.
- Plan and carry out activities in a way which makes optimal use of available time and other resources.
- Communicate effectively with professionals from other disciplines.
- Negotiate effectively within the group.
- Demonstrate the capacity for critical thinking

Supervision
