

BIO-680

Practical - De Palma Lab

De Palma Michele

Cursus	Sem.	Type
Molecular Life Sciences		Obl.

Language of teaching	English
Credits	1
Session	
Exam	Project report
Workload	30h
Hours	24
Courses	6
TP	18
Number of positions	

Frequency

Every year

Remark

3-day Block course, every year in January. To register, contact EDMS Administration

Summary

Cell heterogeneity in the tumor microenvironment.

Content

The students will study the cellular composition of mouse tumors by performing analytical flow cytometry and immunofluorescence staining of tumors.

The major stromal cell types that infiltrate mouse tumors will be identified and analyzed.

Note

Please note that you are not allowed to inscribe in your own group!

Note that 3 practical courses are mandatory for all EDMS students and that they have the priority; each course has between 2 to 4 possible slots.

Therefore, please do not register by yourself to this course, this will be done by the EDMS program administrator!

Assessment methods

Project report.
