### Accommodation

#### Application

Please fill in the request form (Attachment A) and send to us together with other application materials before application deadline.

Normally we can arrange accommodation for all our exchange students, but it’s not guaranteed. In case of an over range of international students (especially in winter term), we will follow the “first-come-first-served-principle” and ask some of the exchange students to live off campus, so please submit your application documents as early as possible. If we can’t find a room for you on campus, we’ll inform you as soon as possible.

#### Room type and fees

- **Siping Campus:**
  - Only double rooms, 30-40 RMB/Day (If you luckily/unluckily have no roommate, then you have to pay 60-80 RMB / Day.)

- **Jiading Campus:**
  - Single room: 45 RMB/day; Double room: 35 RMB / Day (If you luckily/unluckily have no roommate, then you have to pay 70 RMB / Day.)

**Notice:** The reservation is made on a double-room-basis. You cannot choose the room type by yourself. Single rooms are given by the “first-come-first-served-principle”.

Furthermore, there is no cooking area in the room, because our canteens offer three meals a day. So, if you want to cook by yourself or you are very sensible about your private sphere or you cannot accept living with another person with different nationality / religion / living habit, you shall consider living off campus.

#### Others:

- ✓ The room must be rented at least for a whole semester (about 5 months).
- ✓ You must pay the rent for the entire stay duration while check-in in cash.
All students who are registered in the colleges located in Siping Campus shall live in Siping Campus. All students who are registered in the colleges located in Jiading Campus shall live in Jiading Campus.

**Notice:**

- You cannot choose courses across the colleges/schools. You can only choose the courses from the college/school at which you are registered. The only exception is the general courses about Chinese language and culture offered by the International School which are open to all the international students.
- If you only want to study Chinese, please choose to be registered at the International School.
- This list is only a kind of orientation. The actual course list of every term can be only determined at the term beginning. So you may find some deviation between this list and the actual course list of every term.
- Selection and registration of courses append after your arrival and enrollment. The departmental coordinator of the college which you are registered at will help you with that.

**Research Internship?**

Normally, the college/school doesn’t offer any research internship for exchange students. If you plan to do a research internship at Tongji University during your exchange period, you shall get an approval and confirmation from a certain professor at first and then apply for the exchange. Of course, the college/school you apply shall be the one that professor works at.
